Power Consumption

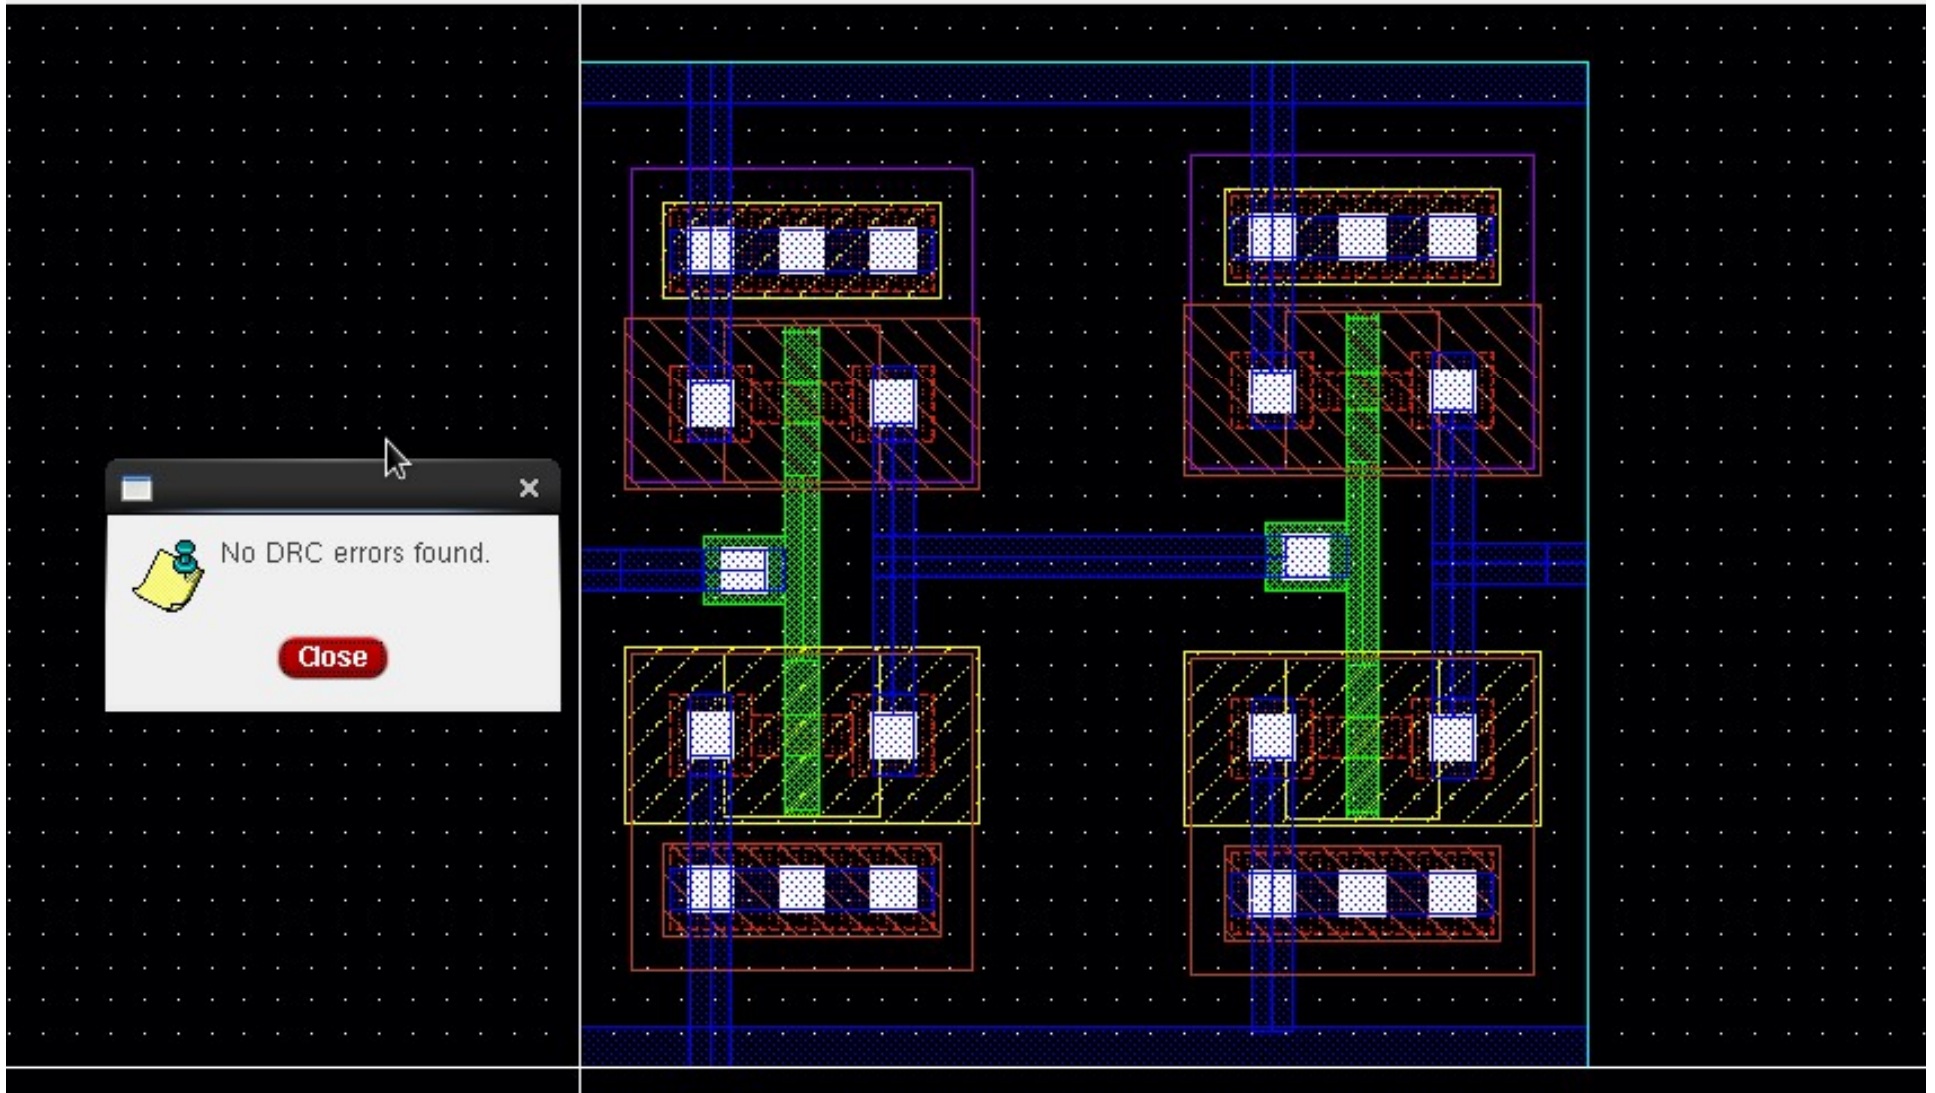

The screenshot displays the Virtuoso (R) Visualization & Analysis XL calculator interface. The window title is "Virtuoso (R) Visualization & Analysis XL calcula". The menu bar includes File, Tools, View, Options, Constants, and Help. The main window shows the "In Context Results DB: /home/buet/simulation/buffer/spectre/schematic/psf". The "app" tab is selected, and the "plot" and "erplot" tabs are also visible. The plot area displays a single data point: 497.7E-3. The plot area is surrounded by a toolbar with various icons for plotting and analysis. The "Stack" panel at the bottom shows a list of calculations and their results:

Icon	Calculation	Result
	average(v("/Vout" ?result "tran"))	623.6E-3
	average(v("/Carry" ?result "tran"))	615.7E-3
	average(v("/Sum" ?result "tran"))	751.1E-3
	average(v("/Vout" ?result "tran"))	497.7E-3
